Appearance

Physical State:	liquid
Color:	yellowish
Odor:	characteristic

Safety-related data

Flashpoint:	185°C
Ignition temperature:	235°C
Vapor pressure at 20°C :	< 0.1mbar
Density at 20 °C:	1.05 g/cm ³
Water solubility:	insoluble at 20°C
pH-value:	7 to 9
Kinematic viscosity	60 mm ² /s at 40°C
Flammability (solid, gaseous):	Not flammable
Oxidizing properties:	Not oxidizing
Auto-ignition temperature:	Not self-igniting
Melting point/melting rage:	< -5°C
Solubility in other solvents:	Well soluble in most oils

The products are made in Germany for Metalubs LTD, who is responsible and offers warranty for the distributed products.
